

Stakeholder update

Monthly update to stakeholders,
provided by the Rushcliffe Neighbourhood Policing Team

Neighbourhood Policing Inspector's update – May 2022

Good Morning, Everyone

I hope you are all ok.

I am working with my team to increase our community engagement on social media so as well as being kept up to date you can visually see us on the areas. I have used this Stakeholder Report to show you some of the things we have been doing both in pictures and from the media links.

On the 13th May we led an operation targeting rural crime and the potential offenders for it. I have briefed many of you previously on this and whilst there are some details I cannot yet divulge I can show you the ongoing work. As always please encourage the reporting of incidents to us via the 999 or 101 system.

More community information on speeding locations have been given to me and so the Operation Reacher team have been doing speeding operations and concentrating on road safety. Please keep the information coming through Councillor Rob Inglis.

Could you please encourage the community to be vigilant about push bikes security. The number stolen has gone down but I am still seeing some offences taking place. The security of the bikes and where they are stored is so important. Along with our partners at Rushcliffe Borough Council we have been out in the community at events that aim to improve bike security.

[Free bike security marking and registering session in Ruddington | West Bridgford Wire](#)

Having met with local councillors and listening to the feedback from the community I asked the Off Road Motorbike and Drone Team's to come to Rushcliffe. You will see the linked operation below with more of these planned in the future.

As the face to face meetings increase I look forward to meeting you throughout the year. Please keep in touch and if you need anything let me know.

Take care

Rob
