

Holme Pierrepont Parish Council & Gamston

Chairman: Mrs Diane Kidger

Save Gamston Green Belt Say NO To 3500+ Houses or a Stadium

We, the undersigned call on all appropriate planning authorities, local, regional and central government and, if necessary the Secretary of State to refuse permission for any large scale development on the green belt in the parish of Holme Pierrepont & Gamston.

In our view any large scale development would pose a real threat to the environment and would represent a loss of leisure and visual amenity for the residents of Gamston, Bassingfield, Adbolton and Holme Pierrepont plus the surrounding villages and West Bridgford. Further, any such development would not be sustainable and the infrastructure is totally inadequate.
