Dear Sir/Madam

Re:- E054318 Sub B - A52(T) Trunk Road Route Improvement Scheme

AMScott are the Managing Agent Contractors (MAC) on behalf of the Highways Agency for the trunk road network in the East Midlands (Area 7).

The Highways Agency are proposing to construct the above scheme on the A52(T) Nottinghamshire trunk road between Lees Barn Road (Radcliffe on Trent) and the A52(T)/A46(T) Saxondale Roundabout, Bingham. The anticipated construction date is from 02 February 2009 for approximately 8 weeks. The scheme proposals include a comprehensive upgrade of traffic signs and road markings.

WORKING TIMES:

The working times available for the section of the route are as follows:-

Monday to Friday 20:00-06:00

Saturday and Sunday 20:00-06:00

Any higher noise related work will be carried out at the beginning of the evening.

TRAFFIC MANAGEMENT:

No road closures or diversions are anticipated. Access for local residents, businesses and facilities will be maintained at all times. Traffic management will consist of single carriageway lane closures using temporary traffic signals (with convoy working if required). A temporary 40mph speed restriction will be in force, where appropriate, whilst the works are in progress.

If you have any queries regarding the above, or require further information, please contact Ian Davey on 01623 676 590 or use the email address above.

Yours faithfully
for AMScott

Mark Humpage
Project Manager

Working to support the Highways Agency's aims of safe roads reliable journeys and informed travellers
